

# GRAFFITI REMOVER: Sign Saver

Kärcher Graffiti Remover: Sign Saver is an easy to use biodegradable, liquid cleaner designed for use on interior and exterior signs including most metal and plastic signs, even those with a reflective coating. It is especially effective on highway and railway metal signs. This strong, fast-acting product formulation safely penetrates and loosens the graffiti on sign surfaces and makes it easy to remove. No extended soak time is needed and Kärcher Graffiti Remover can be applied and re-applied to wet surfaces without waiting to dry first, as is the case with other graffiti removers.

**DIRECTIONS FOR USE:**

Read the Material Safety Data Sheet thoroughly before using this product. Wet the surface to be treated prior to the product application. Apply Graffiti Remover: Sign Saver undiluted, directly onto area being treated using a sprayer, sponge or rag. Always test on a small area prior to product application. Allow 30 seconds for full activation and then agitate with a rag as necessary. Rinse-off treated area with water.

**INGREDIENTS:**

Ethanol, n-methyl-2-pyrrolidone, aliphatic glycol ether, surfactant, d-limonene. Not regulated for transport. Biodegradable.

**For medical emergency call:**
