

KD-240: Super-Duty Vehicle Wash for Pressure Washers

KD-240 is a low-alkaline, butyl-based degreaser detergent designed for the toughest of vehicle cleaning tasks.

This special emulsifying formula contains high-powered cleaning agents for attacking grease, baked-on grime, road film and smoke trails. It is excellent as a pre-spray for cleaning engines, whitewall tires and vinyl and metal tops.

KD-240 is biodegradable and contains Kärcher's exclusive pump and coil protection formula. It is safe to use through a pressure washer.

While it cleans engines, it is so non-corrosive that KD-240 can be used on polished aluminum, stainless steel, glass, plastic and painted surfaces.

DIRECTIONS FOR USE:

For general use, mix with water at a 150:1 dilution rate. Adjust dilution depending on severity of cleaning situation. Pre-treat stubborn areas with a concentrated solution. Less detergent is needed when applied with a hot water pressure washer.

To Apply: Spray diluted solution onto surface and allow time to penetrate, but not dry. Apply detergent from bottom up and rinse from top down.

Always read the Material Safety Data Sheet.

- **Non Caustic:** Safe to use with a pressure washer
- **Versatile:** Works with hard and soft water; use on vehicles or floors
- **Deep Cleaning:** Butyl-based for deep penetration
- **High Dilution:** Up to 150:1 ratio means economical cost-in-use

TECHNICAL DATA

Specific Gravity: 1.03
Boiling Point: >212°F
pH (5% Solution): 11.1
Vapor Pressure: 23mm/hg@70°F
Vapor Density (Air=1): 1.2
Solubility in Water: Soluble
Reactivity in Water: None
VOC Content: 32 grams
Melting Point: 32°F
Foam Level: 240 - 250 ml
Total Alkalinity: .9 - 1.1 ml
Freeze Thaw Stable: Yes
Hard Water Stable: Yes
Insolubles: None
