## KM 75/40 W BP 30" Battery Powered Vacuum Sweeper For sweeping indoor and outdoor areas

## The smoothest running sweeper-vac on the market today.

The KM 75/40W BP is the pinnacle of commercial-duty sweepers. Coming standard with maintenance free AGM batteries and an on-board charging system, the KM 75/40 W BP is self-propelled traveling up to 2.8 MPH and can climb an incline of up to 12%. The standard filter system is 99.5% efficient preventing fine dust particles from re-entering the environment utilizing a large suction fan and synthetic pleated filter. Additionally the handle-operated litter gate allows for collection of larger sized debris such as water bottles and aluminum cans for uninterrupted cleaning. An optional carpet kit allows the unit to sweep over carpet while the standard EASY™ Controls are easy to identify and simple to use.

### Patented Filter Cleaning System:

Provides easy dust filter cleaning without removing the filter from the machine so the operator is never exposed to dust. Additionally the filter can be changed in seconds without the need for tools!

### EASY™ (Ergonomic Application System) Operation:

Simple controls for operating the unit with easy-to-understand graphics

### Easy to Adjust Side Broom:

Easy-to-use broom height adjustment compensates for wear or to clear from the ground when side sweeping is not necessary

### No Tool Brush Changing:

The main roller brush can easily be replaced without the aid of tools and simply clicks in for fast, convenient and reliable use

### Wet Sweeping:

Infinitely variable suction control protects the filter from moisture when used in wet conditions

### 10.5 Gallon Waste Container:

Large waste container for long periods of uninterrupted operation features caster wheels & a pull-out trolley handle for easy maneuvering as well as recessed handles for lifting and easy waste disposal

### Versatile:

Optional carpet sweeping kit consisting of specialized caster wheels, filter and antistatic broom for optimum interior carpet cleaning as well as optional hard and soft brooms for removing stubborn soiling or fine dust

### Handle Operated Litter Gate:

Provides for collection of large debris with the squeeze of the handle-mounted lever so the operator never needs to stop sweeping to pick up larger items by hand

## TECHNICAL DATA:

Part Number	9.840-739.0
Drive System	.5 hp / 40 Bp
Cleaning Path	30" (750mm)
Main Broom	22" (550 mm)
Main Broom RPM	560 rpm
Side Broom	16"
Side Broom RPM	70 rpm
Sweeping method	Overthrow
Container Capacity	10.5 gal (40 l)
Filter	2790 in2 (1.8 m2), Flat, Pleated with Manual Shaker
Noise Level	64 dBA
Power Source	2x 12 V 70 A/H AGM Batteries
Charger	On-board, standard
Weight	172 lbs (78 kg), w/o batteries
Dimensions L x W x H	56" x 30" x 46.5" (1430 x 780 x 1180 mm)
